**Bestball:** The Classic & Disentis Sedrun

NB: Both players of each pair take the number of points allocated to their rank. It means that **you can score points for your club even if pairing with a player from another club.**

## Game format : Foursome and Scramble

« **Foursome** »: Pair can decide on each hole which player starts and then play alternate shots.

« **Scramble** » : Both players tee off. Then and for each shot, pair chooses one of their balls' position to both play from. We keep the lowest score for the pair.

The tournaments are played in pairs but the classification is drawn up individually.

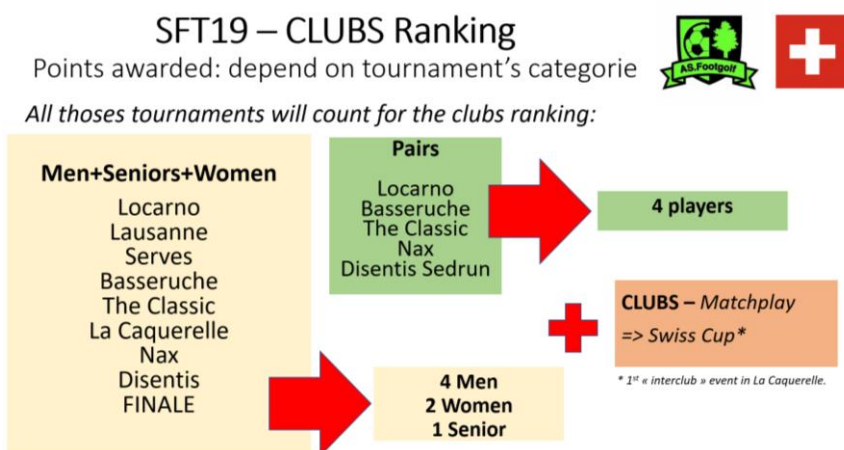

## Clubs

At each stage, the following scores will determine clubs ranking :

- 4 best scores in **Men** individual
- 2 best scores in **Women** individual
- 1 best score **Senior** individual
- 4 best scores in **Pairs**

The final ranking includes the addition of total points earned by the club at each of the 9 stages of the Swiss Footgolf Tour 2019.

The two players of each pair take the number of points allocated to their rank. This means that you can score points for your club even if pairing with a player from another club.
